V1 Well we didn't need to tell you what's going wrong indeed,
cos you can see for yourself its a simple case of mistaken identity.
We thought we had a name but it was the same as the ones next door.

E Bb Bm Ah ah ah Where are we going?
E Bb Bm G Ah ah ah What are we doing here?

V2 Because you didn't have to say it, we can see it by the look in your eyes.
And even over our pretence of a self-defence, we couldn't pull off the disguise.
We thought we had the game sewn up, but we fell apart.

CHORUS

INSTRUMENTAL **G F#m Em D C#m Bm C#m Dm Em**

MIDDLE **E D C# B E D C# B** Face the facts. Face the faults.

V3 Well I know you think I think I know, and I know you know I think,
but its not just in my head, its in my heart and soul. He is the missing link.
Jesus is the key, He is the code word, God's special surprise.
