## 02 EVERYBODY NEEDS A BODY

© words & music: Gerry Holmes 1992

### CHORUS

Everybody needs a body  
Everybody needs a body  
To keep our spirits in  
So we can have feelings  
To hold our bones together  
Yeah bodies are so clever

### V1

How could we smell a flower  
How could we see the world  
How could we touch and hold  
Wouldn't know about hot and cold  
Young and old, rock and roll

### CHORUS

### V2

How could we eat of chew  
It just would fall straight through  
How could we take a swim  
Wouldn't know if we were out or in  
Fat or thin, bones or skin

### V3

How could we have a kiss  
Each time we tried we'd miss  
How could we sleep at night  
Wouldn't know if it was day or night  
Wrong or right, what a fright

### CHORUS

### 03 ZACCHAEUS

© words & music: Gerry Holmes 1992

Zacchaeus, come down  
Zacchaeus, come down

I know you've got some problems  
and I know that you've cheated but  
I would like to eat with you tonight.

Zacchaeus, come down  
Zacchaeus, come down

I know the crowd is watching  
and they don't really like you but  
I would like to eat with you tonight.

Zacchaeus, Zacchaeus  
Zacchaeus, Zacchaeus

He gave half to the poor  
and all he had cheated  
got four times more

Zacchaeus, came down  
Zacchaeus, came down

Zacchaeus, Zacchaeus  
Zacchaeus, Zacchaeus

#### **04 WALKING STICK**

© *words & music: Gerry Holmes 1993*

Joseph lent upon his walking stick, his walking stick  
and worshipped God.

Joseph lent upon his walking stick,  
and Joseph worshipped God.

Da da da da da, da da

And we can clap our hands and close our eyes  
and bow our heads and to our surprise -  
We can worship too.

Hannah gave her son to God, son to God  
and worshipped God.

Hannah gave her son to God,  
and Hannah worshipped God.

Da da da da da, bye bye

Moses took his sandals off, sandals off  
and worshipped God.

Moses took his sandals off,  
and Moses worshipped God.

Da da da da da, oo ee

And we can sing and dance, and raise the dead  
And do the 40 Hour Famine and to our surprise -  
We can worship too.

And we can eat less food and throw a frisbee  
And be alone and to our surprise -  
We can worship too.

Mary's tears washed Jesus' feet, Jesus' feet  
and honoured God.

Mary's tears washed Jesus' feet,  
and Mary worshipped God.

Da da da da da, swish swish

David danced with just his undies on, undies on  
and worshipped God.

David danced with just his undies on  
and David worshipped God.

Da da da da da, oo la la

Da da da da da, oo la la

## 05 JOHNNNO

© words & music: Gerry Holmes 1992  
Bunbury, Western Australia

### V1

Johnno, eating locusts  
and wild honey  
out in the desert where  
the sun shines bright  
and the wind blows -  
skins for your clothes,  
the things that you know  
will change this world for ever.

### V2

Johnno, speaking hard words  
in hard times  
down in the valley  
where the waters flow  
and baptising - preparing the way,  
soon comes the day  
when you will die...

### CHORUS

"There is one who is coming  
whose sandals I'm not fit to tie.  
I baptise with water -  
He will baptise, He will baptise,  
He will baptise with fire."

### V3

Johnno, heart in your mouth  
when you meet Him,  
hush in the crowd,  
"Could this be the One  
we've been promised?" -  
"I must grow small.  
He must grow tall  
to change this world forever!"

### V4

Johnno, taking on the local rulers,  
calling one and all to turn from wrong.  
You'll land in trouble -  
the words that you say  
will carry you away from this world...

### CHORUS

## **07 ONLY SEE HALF THE TRUTH**

© *words & music: Gerry Holmes 1987*  
*Sale, Victoria Australia*

Only see half the truth need to see more.  
Only know half my lines I need them all.  
So many promises need to come true.  
So little time and there's so much to do.

Only see half the truth need to see more.  
Only know half my lines I need them all.  
So many promises need to come true.  
So little strength and so much to endure.

Only see half the truth need to see more.  
Only know half my lines I need them all.  
So many promises need to come true.  
So little time and there's so much to do.  
so so much to do.

## 08 LEAVING SONG

© words & music: Gerry Holmes 1994

Hey kids, do you want to hear a story?

Jesus played in the dirt one day  
Had to go so far away.  
His mum and dad had to pack up house  
I wonder if Jesus thought it was grouse?

Egypt, Egypt who lives there?  
I bet they don't have any teddy bears.  
Leaving, leaving all my friends  
I guess we'll have to start again.

Bye bye Bethlehem

Well a bit later on when Jesus was bigger  
Jesus playing with his mates one day  
Had to go so far away.  
His dad had had another dream  
So Jesus's family had to leave

Nazareth, Nazareth who lives there?  
I bet they don't know about pyramids there.  
Leaving, leaving all their friends  
I guess they'll have to start again

Well now years go past...

Jesus walking by the lake one day  
Called some men to go away  
Walked and they walked wherever he led  
Ended up in Jerusalem.

Jerusalem, Jerusalem who lives there?  
I bet they don't breathe the country air  
Leaving leaving all behind  
I hope the rulers will be kind.

Leaving, leaving all behind  
I hope our families don't mind  
Following, following a homeless king.

## 12 EVERY DAY OF THE WEEK

© words & music: Gerry Holmes 1993

Will God help us on a Monday?  
Will God help us on a Tuesday?  
Will God help us on a Wednesday?  
Do you think God's too busy?

Will God help us on a Thursday?  
Will God help us on a Friday?  
Will God help us on a Saturday?  
I wonder if God goes to the footy?

So many races, so many places,  
So many voices, so many choices  
When does God have a holiday?  
When does God have a holiday?

Does God have it on a Sunday?  
Thank you God that you feed,  
and see, and care, and share  
every day of the week, every day of the week.  
every day of the week.

Will God love us when it's sunny?  
Will God love us when it's rainy?  
Will God love us when it's windy?  
Will God love us when we're happy?  
Will God love us when we're sad?  
Will God love us when we're grumpy?

So many races, so many places,  
So many voices, so many choices  
When does God have a holiday?  
When does God have a holiday?

Does God have it on a Sunday?  
Thank you God that you feed,  
and see, and care, and share  
every day of the week, every day of the week.  
every day of the week.

So many races, so many places,  
So many voices, so many choices  
When does God have a holiday?  
When does God have a holiday?  
And when do we have a holiday?  
Do we have it on a Sunday?  
Thank you God that you feed,  
and see, and care, and share  
every day of the week, every day of the week.  
every day of the week, every day of the week.

### **13 YUCKY FEELING**

© *words & music: Jo Holmes 1987*

That yucky feeling's gotta change, gotta change  
I know that it won't go away, go away  
Gotta call it by its proper name  
I don't know why I'm feeling this way  
Be honest, be open, be loving, be broken, be brave

That yucky feeling's gotta change, gotta change  
I know that it won't go away, go away  
Gotta call it by its proper name  
I don't know why I'm feeling this way  
Be honest, be open, be loving, be broken,  
be honoured, be open, be loving,  
be broken, be brave.

## 14 STICKS AND STONES

© words & music: Chris Hobart & Gerry Holmes 1993

Sticks and stones can break our bones  
but names can break our hearts.  
Each and every thing we do  
plays a special part.

So when we're talking with our friends,  
remember what we say,  
can last for days and days  
can last for days and days so...  
Sticks and stones can break our bones  
but names can break our hearts.  
Each and everything we do  
plays a special part.

We're dumb, we're fat, we're thick,  
we're dirty, we're pimply, we're smelly,  
we're naughty, we're bad  
All those names can make us really sad.

We're nice, we're cute, we're fun, we're groovy  
we're special, we're pretty, we're witty, we're rad  
All those names can make us really glad.

Sticks and stones can break our bones  
but names can break our hearts.  
Each and everything we do  
plays a special part.

But when we're playing with our friends,  
remember what we do  
can last our whole life through  
can last our whole life through

Ooh... you know...  
We're lazy, we're slow, we're idiots, we're brainless  
we're durrs, we're slob, we're goobies, we're mad  
All these names are things that make us sad.

We're clever, and stunning, and ripper and snorter  
we're thoughtful, we're hip, we're wise, we're not bad  
All these names can make us really glad.

So that's why we say...  
Sticks and stones can break our bones  
but names can break our hearts.  
Each and every thing we do  
plays a special part,  
plays a special part,  
and we can play a special part.

## 15 A BETTER WORLD

© words & music: Gerry Holmes 1994

If we were making a better world would there be work?  
If we were making a better world would there be lollies?  
If we were making a better world would there be traffic?  
If we were making a better world would there be dishes?  
If we were making a better world for every boy and for every girl,  
Would there be, could there be a better place for you and me?

If we were making a better world would there be custard?  
If we were making a better world would there be mozzies?  
If we were making a better world would there be high-rise buildings?  
If we were making a better world would there be pimples?  
If we were making a better world for every boy and for every girl,  
Would there be, could there be a better place for you and me?

God made the world in just six days so the Bible says.  
Adam and Eve made a big mistake with  
a slippery, slimy, icky, tricky, flicky, nicky snake.

If we were making a better world would there be homework?  
If we were making a better world would there be spaghetti?  
If we were making a better world would there be the blues?  
If we were making a better world would there be sewerage?  
If we were making a better world for every boy and for every girl,  
Would there be, could there be a better place for you and me?

God made the world in just six days so the Bible says  
Adam and Eve made a big mistake with  
a slippery, slimy, icky, tricky, erky, plerky snake.  
We wouldn't make the same mistake, would we?

If we were making a better world would we have politicians?  
If we were making a better world would there be freckles?  
If we were making a better world for every boy and for every girl,  
Would there be, could there be a better place for you and me?  
Would there be, could there be a better place for you and me?

## **16 BIRDS' EASTER TUNE**

© *words & music: Gerry Holmes 1994*

Early in the morning as the sun rose,  
leaping and creeping over shadows.  
Someone turned the colours on,  
birds in the trees began their song.

Early in the morning as the breeze sighed,  
lurking and looping through the countryside.  
Someone rolled the stone away,  
no one was left in the grave that day.

Well I suppose it just goes to show,  
we shouldn't look for the living among the dead.  
Well I suppose it just goes to show,  
we shouldn't look for the living among the dead.

## 17 I CHOOSE PEACE

© words & music: Gerry Holmes 1986

Every morning on my way to school,  
I see the rushing cars.  
Everybody everywhere going very fast.  
And I ask "Where is peace?"  
Yes I ask "Where is peace today?"

In the classroom or in the yard,  
it seems the same to me.  
Even when I get back home, even on TV.  
And I ask "Where is peace?"  
Yes I ask "Where is peace today?"

Two ways to live, I choose peace  
Learn to forgive, I choose peace

When I lay awake at night staring into space,  
I'd like to have an on-off switch  
to the human race  
And I ask "Where is peace?"  
Yes I ask "Where is peace today?"

Two ways to live, I choose peace  
Learn to forgive, I choose peace  
Two ways to live, I choose peace  
Learn to forgive, I choose peace

And when I reach my dying day,  
maybe then I'll know  
All the things I'm searching for  
and where I'm meant to go  
And I'll ask "Where is peace?"  
Yes I'll ask "Where is peace today?"

Two ways to live, I choose peace  
Learn to forgive, I choose peace  
Two ways to live, I choose peace  
Learn to forgive, I choose peace  
I choose peace

## 18 WHO NEEDS?

© words & music: Gerry Holmes 1994

Who needs the ones with the funny looks?  
Who needs the ones with the funny little ways?  
Who needs the ones who smell a bit?  
Who needs ones like me?

God needs the ones with the funny looks  
God needs the ones with the funny little ways  
God needs the ones who smell a bit  
God needs you and me

Who loves the ones with the funny looks?  
Who loves the ones with the funny little ways?  
Who loves the ones that smell a bit?  
Who loves ones like me?

God loves the ones with the funny looks  
God loves the ones with the funny little ways  
Even the ones who smell a bit  
God loves you and me  
God needs you and me  
God loves you and me

## 19 A GRUNTER AND A GROANER

© *words & music: Gerry Holmes 1993*

A grunter and a groaner  
swallowed poor old Jonah.  
A monster with fish breath  
made Jonah a house guest.  
Jonah don't run away,  
you've got something to say.  
God gave you a job  
- so do it, do it, do it  
or you'll be up the spout  
without a paddle.

A grunter and a groaner  
swallowed poor old Jonah.  
A monster with fish breath  
made Jonah a house guest.  
Jonah don't run away,  
you've got something to say.  
God gave you a job  
- so do it, do it, do it  
or you'll be up the spout  
without a paddle.  
You'll be up the spout  
without a paddle.  
You'll be up the spout  
without a paddle.

## **20 JESUS BE WITH US TONIGHT**

© *words & music: Gerry Holmes 1994*

Jesus be with us tonight  
We hope we all sleep tight  
Keep us in your loving care  
We're so glad you're everywhere

Jesus be with us tonight  
We hope the bugs don't bite  
Our legs and armys are in our jarmys  
So Jesus be with us tonight
