*Late 20th Century songs written, recorded and sung by Christians in Australia and beyond.*

JESUS, STILL LEAD ON reflects Chester Schultz's journey over the 38 years that these songs were written. Thematically, this collection aspires to a conscious interaction between spiritual and social concerns; between in-group worship and life outside the church's usual comfort zone.

FAMILY - released in 1973, was the first album for the trio, Ian Smallbone and Ian & Phil Truscott. The songs are a collection from the "Jesus Movement" in the USA and others penned by Aussie artists - very "Jesus" centred.

May the Peace of the Lord be with you this Christmas season and as you enter the New Year. I am hopeful that more albums can be released in 2025.

This album was recorded in Adelaide in 1999 by Gerry Holmes. "These songs have a unique place in the catalogue of late 20th century Aussie Christian music. Because Chester comes from a contemporary classical background, their melodic and harmonic diversity can challenge, surprise and, hopefully, delight listeners accustomed to more middle of the road songs of faith and culture."

I have been encouraged in revisiting this album and being in touch personally with Ian S. and brothers Ian & Phil T. I was privileged to be involved in the 1970's Jesus Movement in Australia and witnessed several performances of FAMILY. Their harmonies and Jesus-centered songs were of inspiration to many young people in Australia and beyond. I hope you enjoy listening to this album.
