01 I THANK YOU LORD (Psalm 138)

© *Ian Truscott*

I thank you Lord with all my being
Sing of your greatness that we're seeing
Bow down in front of You
And praise your name
Your constant love is always true

You answered me Lord when I called to You
With Your strength you build me up
All kings honour who sing their praise to You
The day that You promised - they'll see what You've done Christ
Sing of Your wonderful glory

I thank you Lord with all my being
Sing of your greatness that we're seeing
Bow down in front of You
And praise your name
Your constant love is always true

Although the Father is so high above
He cares for the lonely man
When I'm hemmed in by men who show no love
You give me protection by heaven's direction
And rescue me with your great power

You keep all your promises
Your love is unfailing
Complete the work you've begun

I thank you Lord with all my being
Sing of your greatness that we're seeing
Bow down in front of You
And praise your name
Your constant love is always true

I thank you Lord with all my being
Sing of your greatness that we're seeing
Bow down in front of You
And praise your name
Your constant love is always true

I thank you Lord with all my being
Sing of your greatness that we're seeing
Bow down in front of You
And praise your name
Your constant love is always true

I thank you Lord with all my being.....

02 WOULDN'T WE BE FOOLISH (2 Timothy)

© Ian Truscott / Don Hardgrave

Now Paul warns Timothy take care man
As this world nears its end
For selfishness and greed and pride
Will shape men's interest then

It says they'll be unholy
"Old Pleasure" - he's the king
They'll follow false religions too
And all do their own thing

CHORUS

Yes it's all inspired
Coming from the Lord
Wouldn't we be foolish
Wouldn't we be foolish
Wouldn't we be foolish
Not to read God's Word

Paul says, "Tim don't follow them
But stick to what you know
The Bible is the Book I mean
That shows you where to go."

It tells us all what God is like
And shows man's problem then
It also has the answer
That you must be born again.

CHORUS

Yes it's all inspired
Coming from the Lord
Wouldn't we be foolish
Wouldn't we be foolish
Wouldn't we be foolish
Not to read God's Word

INSTRUMENTAL

It shows us when we're going wrong
And how to put things right
When we own up, God cleanses us
So we can walk in Light.

CHORUS

Yes it's all inspired
Coming from the Lord
Wouldn't we be foolish
Wouldn't we be foolish
Wouldn't we be foolish
Not to read God's Word

Read God's Word.....

03 I'M NOT RELIGIOUS, I JUST LOVE THE LORD

© Scott Wesley Brown 1977

Well there's no doubt about it
I really, really wanna shout it now
Singing, I'm not religious anymore
And there's no doubt about it
I really, really wanna shout it now
Singin, I'm not religious
I just love the Lord

Well you can go to church every Sunday
And think it's kinda neat
But the good Lord wants your love full time
Seven days a week
And you can give away everything you own
And even give it to the poor
But listen my friend in the end
You gotta love the Lord

Well there's no doubt about it
I really, really wanna shout it now
Singing, I'm not religious anymore
And there's no doubt about it
I really, really wanna shout it now
Singin', I'm not religious
I just love the Lord

Well you can look real pious, even spiritual
Dressed up in your pride
But religion's just a mask you wear
And God sees who you hide
Acting like a pharisee, pretending you're a saint
Foolin' everybody you know
But God don't need your "stain glass" faith
He justa wants your soul

Don't go to church before you go to Jesus
Don't go to church before you go to Jesus
Don't go to church
Before you go, before you go to Jesus
Don't go to church
Before you go, before you go to Jesus
Jesus, Jesus

Well there's no doubt about it
I really, really wanna shout it now
Singing, I'm not religious anymore
And there's no doubt about it
I really, really wanna shout it now
Singin', I'm not religious
I just love the Lord
Well there's no doubt about it
I really, really wanna shout it now
Singin', I'm not religious
I just love the Lord

04 DON'T LET THE WORLD (Romans 12)

© Ian Truscott / Don Hardgrave

Let's get ourselves together brothers
Think what God has done
Praise the Lord as we give over
Our lives to Christ the Son
A bug in a cocoon is like
A man wrapped up in self
So spread you wings and learn to fly
Yes - come down from the shelf.

CHORUS

Don't let the world make you conform
Or tell you what to do (tell you what to do)
But let God's Word renew your mind
And show His plan for you (show His plan for you)
You'll find it's good - acceptable
And it is perfect, too.

The Church is like a winning team
Coordinated play
So play your part the Captain's way
And then we'll win the day
We need all different kinds of gifts
As God gives out to each
To serve or give or lead or help
Or faithfully to teach

CHORUS

Don't let the world make you conform
Or tell you what to do (tell you what to do)
But let God's Word renew your mind
And show His plan for you (show His plan for you)
You'll find it's good - acceptable
And it is perfect, too.

Now every gift needs love to work
And true love truly cares
It thinks more of the other
And gives joy and help and prayers
And when your neighbour makes it tough
Don't curse - although you could
But let the Lord love him through you
Defeating bad with good.

CHORUS

Don't let the world make you conform
Or tell you what to do (tell you what to do)
But let God's Word renew your mind
And show His plan for you (show His plan for you)
You'll find it's good - acceptable
And it is perfect, too.
And it is perfect, too.

05 DON'T FRET (Psalm 37)

© Ian Truscott / Don Hardgrave

Don't fret when others seem to win
With shortcuts that are wrong
Don't envy them for God's Word says
That they will soon be gone

Commit yourself to Christ the Lord
Not just your things, but you
You'll find that He is able
And you'll see what He can do

Don't fret but let God work things out
Assured that He knows best
Delight yourself in who He is
He's working you can rest
REPEAT

Delight yourself in who He is
Yes praise Him and admire Him
He'll lift your spirits higher still
And grant your heart's desire

Don't fret but let God work things out
Assured that He knows best
Delight yourself in who He is
He's working you can rest
REPEAT

Remember always, He's at work
And patiently to wait
His timing's perfect every time
He's never once been late

Don't fret but let God work things out
Assured that He knows best
Delight yourself in who He is
He's working you can rest

Don't fret but let God work things out
Assured that He knows best
Delight yourself in who He is
He's working you can rest
Delight yourself in who He is
He's working you can rest

06 WE'RE PART OF THE FAMILY

© Ian Truscott / Andrew Dutney

CHORUS

We're part of the family
There's more of us than you see
We're part of the family
And we want to get you in the Father's arms

We're part of the family
There's more of us than you see
We're part of the family
And we want to get you in the Father's arms

We've got a brother who drives a truck
Another who works the land
And we've a sister who teaches school
And we're stepping out hand in hand
CHORUS

Some of us live in community
Some of us on our own
But wherever we live in this great big world
We're a family working as one
CHORUS

We've got a purpose for being here
We've got a reason to live
Blending in all our different gifts
We move out in the power of the King

We're part of the family
There's more of us than you see
We're part of the family
And we want to see you with the Father
We're part of the family
And we want to see you in the Father's arms

07 FINE LOVE

© Chris Christian

Life is so confusing
When you're all on your own
Without someone to talk to
You can sure feel alone
I was needing a shoulder
Just to dry up my tears
I had nearly given up
When You suddenly appeared

You're a fine love
Such a fine, fine love
And I don't know where I'd be headed
Without You here
Oh, You're a fine love
Such a fine, fine love
And I can't think of anyone else
I'd rather be near

And now I love the mornings
When I wake up to You
It's nice to know that You're
The first One I'll be talking to
You're the One I live for
From the morning to the night
No one else has loved me more
Or has treated me so right

You're a fine love
Such a fine, fine love
And I don't know where I'd be headed
Without You here
Oh, You're a fine love
Such a fine, fine love
And I can't think of anyone else
I'd rather be near

You're a fine love
Such a fine, fine love
And I don't know where I'd be headed
Without You here
Oh, You're a fine love
Such a fine, fine love
And I can't think of anyone else
I'd rather be near

You're a fine love
Such a fine, fine love
And I don't know where I'd be headed
Without You here
Oh, You're a fine love.....

08 THE LORD'S MY SHEPHERD

based on Psalm 23

William Whittingham - Scottish Psalter 1650

Arrangement: Steve Wyatt

The Lord's my shepherd, I'll not want,
He makes me down to lie.
In pastures green, He leadeth me
the quiet waters by.

My soul he doth restore again,
and me to walk doth make.
Within the paths of righteousness,
ev'n for His own name's sake.

Goodness and mercy all my life,
shall surely follow me;
And in God's house forever more
My dwelling place shall be.

09 I KEEP MY THUMB

© *Chuck Girard*

I keep my thumb between the pages
And my heart in the book
Talkin' 'bout the Book of Life
When my life gets too confusing
Well, I stop and take a second look
Take another look in the Book of Life

The first time that I read it I was floatin'
The second time I felt the change begin
The third time thru the truth began to hit me
The Word of God is washin' out my brain,
Amen

I keep my thumb between the pages
And my heart in the book
Talkin' 'bout the Book of Life
When my life gets too confusing
Well, I stop and take a second look
Take another look in the Book of Life

I used to worry about my waistline
I found it awful hard to slim
But now my soul delights in feeding on the Word
I can't stuff enough of them spiritual calories in

I keep my thumb between the pages
And my heart in the book
Talkin' 'bout the Book of Life
When my life gets too confusing
Well, I stop and take a second look
Take another look in the Book of Life

Why don't we take another look
In the Book of Life
Come on let's take another look
In the book

In the book In the book
In the book In the book
In the book In the book
Why don't we take another look
In the Book of Life

10 SUMMER BLUES

© Ian Truscott

Out in the sun and in the shade
and in the rain
got the Summer blues
got the Summer blues

Gazing up out of sand
Thoughts of giving a hand
As I face a sea of blue
Must be moving so fast
Can't see waves as they pass
the sky is alive and I'm soaking up sun
the sky is alive and I'm soaking up sun

Whoa taking it in
Ahh I'm listening
to His voice on the breeze
and His face in the trees

Looking out from the shore
Where winds wash out the roar
From the cliff my eyes struggle to view
It's a sight for sore eyes
where the sea meets the skies
All this and man they're all held in His hand
All this and man they're all held in His hand

Whoa taking it in
Ahh I'm listening
to His voice on the breeze
and His face in the trees

Out in the sun and in the shade
and in the rain
got the Summer blues
got the Summer blues

Then I saw You here
Knew that You were near

Out in the sun and in the shade
and in the rain
Lost the Summer blues
Lost the Summer blues (refreshing Love)
Lost the Summer blues (refreshing Love)
Lost the Summer blues (refreshing Love)
Lost the Summer blues.....
