faith-hope-and-love

Late 20th Century songs written, recorded and sung by Christians in Australia and beyond.

The unique opportunity for Gerry Holmes and Steve Daughtry to tour extensively in 1987 across South Australian schools and beyond was a great adventure for the duo, DANCING ON THE WIRE. It is so important for God's people to encourage Christian artists to find outlets for their gifts.

Multiple listening opportunities of the SET US ON FIRE album released in 1993 has given me a deeper appreciation for Rod Boucher's songwriting ability to address topics and issues that face humanity. It is obvious that his Biblical understanding along with life experiences inspire his lyrics and music.

Don't miss the 'hidden' lyrics accessible from the musical note. Thankyou again for your support for the SOFHAL website.

DANCING ON THE WIRE songs, played to thousands of secondary students, encouraged them to value special friendships, live with the advancing technologies, discover their true self and to follow 'the voice of adventure's calling'. Life can feel like a balancing act. 'One step' at a time, 'one foot after another, that's the way the race is one.' The songs were written to help young people open up to consider the Christian faith as an option for life. Thanks Gerry and Steve for taking this pilgrimage in 1987.

SET US ON FIRE songs capture so many elements of the human condition. Mental health, at the forefront of our society today is well expressed in 'I'm so Manic'. Don't get put off by this raucous song (in similar vein to U2's 'Vertigo'). Rod encourages us to be 'set on fire' by the love of Jesus, and 'let the Spirit blow where it will'. We need 'that vision, mission and dreaming in our lives'. The last song ends on a high note of hope - 'everything is possible with Jesus, nothing is impossible with Him.'
